HOW TO USE THIS BOOK

LISTING OF TV STATIONS

Location	Channel No.	Network
Indianapolis	6	N
WFBM-TV		

LISTING OF FM STATIONS

Location	Frequency (Megacycles)	Notes
Indianapolis	95.5	m
WFMS		

FM STATIONS BY FREQUENCY

Location	Power (ERP) watts	Antenna Height Above Average Terrain	Notes
Indianapolis, Ind.	890	127	e
90.1 WIAN			

LISTING OF AM STATIONS

Location	Frequency (Kilocycles)	Power (watts)	Schedule	Network
Indianapolis	950	5000	d	M
WXLW				

AM STATIONS BY FREQUENCY

Location	Daytime Power (watts)	Night Power (watts)	Network
Indianapolis, Ind.	5000	5000	N
1430 WIRE			

ALPHABETICALLY BY CALL LETTERS

Letters	Frequency (AM) Megacycles (FM) Channel (TV)	Location
WIBC	1070	Indianapolis, Ind.

SYMBOLS AND NOTES

- c Temporarily does not operate at night.
- d Daytime only (Sunrise or no earlier than 4 am until sunset)
- e Educational non-commercial station.
- f Limited time operation—does not operate full time.
- g Temporarily operating with 100 watts power
- h Station uses higher power nights.
- k Temporarily operating with different power. See Frequency Listings.
- n Station operates nights only.
- p Temporarily operating with 250 watts power.
- q Temporarily operating with 500 watts power.
- r Temporarily operating with 1000 watts power.
- s Satellite Station, rebroadcast programs of station shown.
- u Temporarily operating with 5000 watts power.
- v Temporarily operating with 10000 watts power.
- w Temporarily operating with 25000 watts power.
- x Stations share time and transmitter.
- y Stations share time.
- z Stations share time.

% Airborne transmitters operating from DC-3 planes flying over town indicated.

- # Station not currently on the air. This symbol covers new stations authorized, but not yet in operation; stations temporarily off the air, or stations which may have permanently suspended operation, but have not yet been deleted.

- \$ FM Stations equipped for broadcasting multiplex Stereo.
- @ FM Stations known to be preparing to broadcast Stereo.

- * Indicates information shown is expected to change. See Frequency List for more complete information regarding the prospective change.

- A American Broadcasting Company (ABC)
- B Canadian TV Network (Independent)
- C Columbia Broadcasting System (CBS)
- E Canadian Broadcasting Corp. (CBC)
- F Canadian Broadcasting Corp. French Network
- K Keystone Broadcasting System (KBS) Transcriptions
- M Mutual Broadcasting System (MBS)
- N National Broadcasting Company (NBC)
- T Government Non-Commercial Network (AFRTS) etc.

1964 NORTH AMERICAN RADIO-TV STATION GUIDE

by VANE A. JONES

ABOUT THE AUTHOR

Author Vane Jones has prepared 4 previous editions of the *Radio-TV Station Guide*; the first edition was published in 1958, as a result of his DXing activity. Since that time, the list of followers has grown rapidly, due primarily to his personal attention to the book, which has paid to headline accuracy and completeness. Mr. Jones is a member of the National Radio Club and the Newark News Radio Club.

This invaluable handy-size book contains over 7,500 listings, including over 5,000 AM radio stations by city, state, and frequency; over 1,500 FM stations by city, state, and frequency; and nearly 1,000 VHF and UHF TV stations. If you want to know the protected area, channel number, call letters, assigned power, etc. for any TV station in the country — frequency, call letters, location, etc. for any AM or FM station, keep this book close at hand for fingertip reference while traveling, enjoying your hobby of DXing, or working in the broadcast field.

The listings encompass all stations now operating, those which are temporarily off the air, and those which are scheduled to start operation within the year. The entire U.S. and its possessions, as well as Canada, Cuba, Mexico, and the West Indies, are covered. Such important statistics as frequency, day and night power, network affiliations, construction-permit data, effective radiated power, and antenna height are all included. For stereo enthusiasts, all stereo-equipped stations are indicated.

A special feature is the inclusion of 13 maps. One map for each of the 12 VHF channels shows the location and protected area for every TV station. The UHF TV map shows the locations for both operative and inoperative stations.

North American Radio-TV Station Guide is a convenient reference that will serve a myriad of needs for radio and TV technicians, DXers, travelers, broadcast station personnel, radio and TV time buyers, and anyone interested in broadcast station data.
