SYMBOLS AND NOTES

- c Temporarily does not operate at night.
- d Daytime only (Sunrise or no earlier than 4 am until sunset).
- e Educational noncommercial station
- f Limited time operation - does not operate full time.
- g Temporarily operating with 100 watts power.
- h Station uses higher power nights.
- k Temporarily operating with lower power—see frequency listings.
- n Station operates nights only.
- p Temporarily using 250 watts power.
- q Temporarily using 500 watts power.
- r Temporarily using 1000 watts power.
- s Satellite Station, rebroadcasts programs of station shown.
- u Temporarily using 5000 watts power.
- v Temporarily using 100,000 watts power.
- w Temporarily using 25000 watts power.
- x Stations share time and transmitter.
- y Stations share time.
- z Stations share time.
- Operates with less power after sunset and before sunrise.
- ‡ Station not currently on the air.
- * Airborne transmitters operating in plane flying above location shown.
- * Information scheduled to change.

Programming

- \$ FM stations equipped to broadcast multiplex stereo.
- Broadcasts 5 or more hours of Country & Western music daily.
- Broadcasts Country & Western music 100% of operating time.

Networks

- A (ABC) American Broadcasting Company
- B Independent Canadian TV Network
- C (CBS) Columbia Broadcasting System
- E (CBC) Canadian Broadcasting Corp. (English)
- F (CBC) Canadian Broadcasting Corp. (French)
- M (MBS) Mutual Broadcasting System
- N (NBC) National Broadcasting Company
- T Government noncommercial network, AFRTS, etc.

NORTH AMERICAN RADIO-TV STATION GUIDE

by Vane A. Jones

This handy book contains listings for all the radio and television stations in the United States, Canada, Mexico, and the West Indies—over 8500 stations in all. The over 5100 a-m stations, over 2200 f-m stations, and over 1100 television stations presently in operation, scheduled to start operation soon, or temporarily off the air are each listed in three ways—by geographical location, frequency (or channel), and call letters.

This book is more than just a listing of stations, however. Important statistics such as power (day and night), antenna height, and sharing of time with other stations are given. Also listed are the type of programming and the network affiliation for each station. Educational stations are designated, as are f-m stations broadcasting stereo. Those stations specializing in country and western music are given.

Regardless of your interest in radio and television, this book is a must for you. If you are traveling, it will list the stations broadcasting your favorite network or programming in the area—or tell you what stations are in the city or state you are in. If you enjoy pulling in distant stations (DX'ing), this book will quickly help you identify each signal. For the radio and television technician, broadcast-station personnel, radio and television time buyer, and others engaged in broadcast activities, this book serves myriad uses. Each listing has been checked and rechecked, making this the most accurate and up-to-date guide available.

ABOUT THE AUTHOR

Vane A. Jones is engaged in many activities, but his first love is this book. Whenever possible, you will find him in his study, with a television set and two or three radios all operating at once. He can recite call letters and tell you the history of stations by the hour. He has prepared six previous editions—the first was published in 1958 as a result of his DX'ing activity. With each edition, his list of followers grows, because primarily of the personal attention he gives each entry and the hair-line accuracy and completeness for which he is famous. Mr. Jones is a member of the National Radio Club and the Newark News Radio Club.
